

I Am Who I Am

To a Honest World

The Messenger
William C. Boogaart

Introduction.

On March 16, 2021, Israel finds New Dead Sea Scrolls. Among the newly found fragments is a sentence from the book of Zechariah: "These are the things you are to do: Speak the truth to one another, render true and perfect justice in your gates. And do not contrive evil against one another, and do not love perjury, because all those are things that I hate – declares the Lord.". And also a sentence from Nahum "The mountains quake at Him, and the hills melt, and the earth is up-heaved at His presence, yea, the world, and all that dwell therein. Who can stand before His indignation? Who can abide in the fierceness of His anger? His fury is poured out like fire, and the rocks are broken asunder before Him" Nahum 1:5-6.

This is a message to the dictators of this Earth. Judgment Day is at hand. Stop murdering people, lying and stealing their possessions. Humble yourself and set yourself free from selfishness. The commandments are given thousand of years ago. Do not kill, do not steel and be Honest. Be honest to yourself, your next of kin, the other people of your country and the world. Honesty means not judging people from your narrow mind.

The sentences are a complaint about the injustice of this world. All rulers, religious, political, economical and cultural should change their selfishness towards caring for the other. Selfishness is that attitude of being concerned with one's own interests above the interests of others. "Do nothing from selfishness or empty conceit, but with humility of mind regard one another as more important than yourselves; do not merely look out for your own personal interests, but also for the interests of others". Combating the sin of selfish ambition requires genuine humility. Unpretentious humility restores and grows relationships. Being humble involves having a true perspective about ourselves in relation to God. "Do not think of yourself more highly than you ought, but rather think of yourself with sober judgment, in accordance with the measure of faith God has given you.

From March 16, 2021 on messages came to me from I Am Who I Am, with the request to publish them. I did. I am not religious, but I do believe. So I published the messages on www.theeuropeanpost.net. A Translate button is added so everyone can read the messages in their own language. I Am mentions me to be The Messenger.

This book consist of three parts. The first part describes good. Good is the Plan of I Am for the Kingdom of Heaven. Good is easy, be honest. The second part are messages about evil. Mankind creates evil. The third part are messages about daily life.

For thousand of years religions have been faithful. The new era demands honesty, no killing and no stealing. In the name of religions many people are killed and their possessions claimed. From this time on no killing shall be done by religions. If a religious man kills another human being he or she shall be expelled from the religion. Killing does not belong to the faithful man. The only purpose of religion in the New Era is to worship I Am. Every human being must be free to worship, with a free mind, heart and soul. In faith a woman is equal to a man. Religions shall no longer judge the human being, this is to be the measure of I Am.

Today politics are troubled by dictators who kill and molest their civilians. The new era demands honesty, equality, security and democracy from the politician. The purpose of the representative politics is to establish freedom of fear. No head of state should be in power for over 10 years. Every politician shall be honest towards the people. The Constitution of a country shall start with the equality of man and woman. The nation state is the foundation for democracy. The three branches legislature, judiciary and executive should be separate. Every citizen van be elected and shall be part of the honest election. Young people shall be educated in equality and freedom in secular public schools.

A few rich men dominate the global economic world. The rich Big Tech censor the free speech and influence the political elections. The rich do not pay normal taxes, they use the world wide tax abuse possibilities. Give the nation state the tax they want. The sole purpose of the economy is to create freedom of want for all people within a nation state and a continent. No people shall live on the street. Every citizen shall be entitled to a house and health. The economy should arrange funds to support those who cannot work. There must be equality in the economical system. Equality of man and woman, equality in the origin of people and equality in the number of working years. The economic world should take care for the Earth in a better way.

The purpose of the cultural system is freedom of speech and expression. Today many people do not honor the freedom of speech with uncivilized expression of words. The freedom of speech can exist only if a man or a woman write their review with their own name. The freedom of expression is great to express the creativity of mankind. But the freedom of expression should not harm other people. Everyone should be careful with their words and expression, not to harm other people.

The Messenger.

Good.

Heaven on Earth.

The Honest World

For many thousand of years I Am Who I Am wanted the world to change. Messengers spread the Words of the Kingdom of Heaven. This Message I Am had Spoken was not understood. Many wars were fought, people killed and many people lived in slavery. This slavery and death is due to war lords and people who think they are gods. They are it not. The time for the war lords and bullies is over.

I Am now declares the Honest World for the present and future to come. The Honesty Commands are given to Messengers for thousand of years. Do not kill, do not steal and do not enslave the other. Do not worship a war lord. Do not follow a bully. The Hope for a Honest World is given now.

Every person is equal to the other. Treat others how you want to be treated. Treat woman as you as man wants to be treated. A woman decides to give birth to a child or not. If a man is not ready for his child a woman can choose another man. A man supports his child for life. Marriage is the foundation for a woman and a man to raise children. No children shall be placed outside a family.

Every adult (from the age of 18) is responsible for themselves and for the other. Child's shall be protected and educated. Freedom means that every person, an adult and a child, decides without burden. There shall be responsible freedom of speech, writing and expression. Every person on this earth shall be free to worship I Am. Every adult and child shall be free of want. Everyone shall be free of fear.

Being a member of a religion is not the same as believing in I Am. Prayer is accepted by I Am only if people have faith. If religions kill, steal, give fear and slavery they are no more than war lords. Every religion must bring the Honesty Future. If not the religion shall perish.

The history is the past. The selfish human gods build their statues and remembrances. Every statue or history which resembles these human gods, the wars or slavery shall be erased from this earth. The present and the future is what I Build, I Love and I Hope for.

Evil is done by man. Evil will be erased from the earth. Man who bring evil will be burned and their remains scattered in space.

The United Nations Charter will be the vehicle on which I Am will Build the future Honest World to come. There shall be sovereign democratic states. Every sovereign state will have a Constitution which aims for the UN Principles of Peace and the separation of powers.

Sovereign states may unite in confederations. Every sovereign state member of the UN will subscribe to the UN principles of Peace. If a member does not subscribe or does not act to the UN principles this state cannot be a UN member. A state which give themselves to evil will be erased by natural phenomena.

The NATO will be the defender of the Honest World. English will be the world language. The United States will be the general for the NATO. Every UN member is immediately a member of the NATO. Every sovereign state will contribute 2% of its national budget to the NATO. The NATO will defend every member state.

If a state act against the UN principles they will be isolated from the Honest World. This isolation will be economical, political, cultural and religious. Every war lord will be hunted internationally, will be enslaved and erased from this earth if they are killers. Bullies will be humiliated and educated socially.

Enjoy Life

The purpose of mankind is to enjoy life. This is not yet established in this selfish and divided world. The world has enough resource to enjoy life, but not enough to satisfy the greed of some. The greed of some holds down the joy of all. I Am who I Am gives advises to change the world towards the joy of everyone.

From the age of 18 years a young man or woman is an adult. Youngsters should be protected in order to start a joyful life as an adult. Young boys and girls should be grow up with a clean body and mind. A clean body without smoking, alcohol and drugs. Parents or the government should provide a healthy environment , good teachers and good food and drinks.

Young boys and girls should learn sports, music, dance and singing. These cultural aspects give joy and happiness. In order to be ready for the adult stress youngsters should learn stress reducing techniques.

No one shall interfere with the choice of partners of an adult woman or a man. One of the main aspects of enjoying life has to do with loving a partner. An adult man and woman decide themselves if they stay together or not. I Am Who I Am encourages marriage for life. Enjoying life sometimes goes through highs and lows.

A married adult man or woman choose to have children or not. The woman decides if she gives birth to a child. Parent shall provide a safe and clean family for their children. Parents shall be able to give enough time to their children.

There is nothing wrong with the human body. Adults can have public areas where they can take a naked sunbath.

The body of man has a limited lifetime. The older people shall live with or in the neighborhood of their children. The children shall take care of the elder. An elder man or woman enjoys living with their children and grand children. If a man or woman does not have children the government shall provide a social living environment for the elder. When life is to painful, an elder can ask to end the life.

The countries of today are the foundation for joy. Adults shall provide religious, economical and political systems within a country in which everyone is able to enjoy life. People shall be free to sing, dance, play music and to sport in public. Governments shall support the joy of all inhabitants.

Sustain Life

Mankind shall sustain life. You are the salt of the civilization. Be honest, do not kill another human being and respect the other. Keep yourself away from smoking, drugs and alcohol. You have the right to food, clean water and shelter. No one shall keep you from a happy life. You have the right to self defense.

Fear is your worst enemy. Keep breathing. Be silent when you cannot be honest. Run away when someone does not respect you. I Am Who I Am shall not be silent when other people urge you to betray yourself or others. Many times the laws made by the heads of state are to enhance themselves rather than to take care for the life of the civilians. If you are attacked by a civilian you can kill from self defense. If civilians want food, water and shelter, this is not criminality. The behavior for primary life support is necessary.

Help to sustain life in your country. Try to stay married. Live together with your partner and parents.

Go away from today's information seekers like the Big Tech. These enhance the emotional reactions in the media for their own profit. The Big Tech favors the rich people. The moderation of the Big Tech should not be done. They only should give the service for sharing information. Respect the opinion of others and share a respectful opinion yourselves.

In the last 100 years the human civilization has grown to seven times the number of people. This growth is thanks the use of fossil fuels. These gave more CO₂ in the earth atmosphere. This changes the weather. The world of today smoothly runs on oil. In the next 50 years the oil may run dry if no other sources are found. Change to nuclear power in order to keep the civilization.

Do You Care?

The corona plague kills millions of people (>5 million today). Mostly elder people and people who can not take care for themselves. Young people many times consider the corona plague to be a flu. But do they care for the elder people which can die after infection with the corona virus. Do you care?

Consider the Judgment Day has arrived. Some say the Judgment Day is a period of thousand years, some say it is on a day. I Am Who I Am says is is a period of several years. And it is happening now. The Judgment of God will be for the whole world. The Judgment will be individually and for a group of people. Its effect will be direct and immediately.

Now is the time to change your deeds and thoughts. Are you selfish? Do you take care for yourself, your wife, your family, your neighbors and your nation? Do you take care for the living beings of Creation? If not change your deeds and thoughts. And do it today, right now.

Selfishness shows up when fear, pain, and pride cause us to protect ourselves more than reveal truth to others. We hide our true thoughts, feelings, needs, and even our gifts, which leads to living internally isolated and shame-filled. Holding back the good and bad keeps us from connecting intimately. There is a better way. Growing out of selfishness requires a heart repeatedly surrendering self-will with caring. Care for yourself and others.

Free the people.

The people all over the world have to deal with the corona plague. This will be with us for several years. With the measures taken, like work at home, children not at school and wear a mouth mask, limiting the social contacts and so on, the people are less free. These years of change need a new commitment to Free the people.

Consider the essential freedoms for the People. Everyone shall have the right to worship I Am Who I Am. No other gods are allowed. There shall be a social system in which everyone has a home, health, clothes, food and water.

There shall be a world wide security system, police and army, with which the people are free of war and chaos. Everyone has the right to comment in the media. Everyone shall speak and write in a constructive way. The way of free expression is that of respect.

Every country shall have a Constitution in which the commands and the essential freedoms are equal for all civilians.

The boundaries of the countries shall be as they are now. The dictators of this world threat the people with war and chaos in their endless lust for power. Even the constitution is changed to fulfill the power lust of the dictator. If a dictator abuses or kills people he (it is always a he) does not have any rights any more. The world shall isolate this dictator. If the lust of power kills people the dictator shall be prosecuted.

If a region wants autonomy and this is what 75% of the people by referendum want, it shall be granted. In every country on this world there shall be the right to referendum. The referendum shall work on the continent, the country, the regional and the municipal level. With autonomy the financial security shall be established.

Everyone on this world should has the right to free speech. If a man abuses his wife or his children everyone has the right to speak out in public against it. If a government abuses civilians everyone has the right to speak out against it.

Life and Death

Mankind has been Created male and female. The female is equal to the male. Life starts when the male sperm fertilizes the female egg and when the female fertilized egg enters the womb. This is the Creation. The Creation took place through evolution in billions of years. Every biological being is created in the same way. A male and a female. Life grows from a newborn to a child to an adult, to a parent en to an elder. I Am who I Am is with you every day, every hour, every minute and every second.

Man should not spend its life alone. No one should interfere with the partner choice of an adult woman or a man. A man can choose a woman. A man can choose a man as his partner. A woman can choose a woman as her partner. Marriage is the preferred state to start a new family. A wedding should be the perfect expression of Love. From marriage a man or a woman give their love to each other and to their children. No marriage shall be done before the adult age of 18 years.

Not all in Creation is perfect. Some is complete but not yet perfect. Some is not perfect from birth. This has to do with the former development of man.

Sometimes the female is not ready to sustain the pregnancy or to give birth. The female determines to give birth or not. The male must realize fertilizing a female and the birth of his child is for life. When a male is not ready for a child the female decides if she gives birth or not.

If possible a child should grow up with a father and a mother. If a father is not present, the mother can appoint a helping father. In the early years of a child at least one of the parents should be at home. Governments shall create the free possibility for school from 4 years old for all children. The education of children shall be free. A child becomes an adult on the age of 18 years. Children decide the choice for education themselves.

Children shall be educated how to be happy in life. Music, dancing and singing shall be part of the education. Their shall be equality in education. Children shall be safely educated in the freedom of choice, the freedom of worshipping I Am who I Am, the freedom of fear and the freedom of want.

Children should be educated in the reality of life and death. Governments must arrange the easily transfer of education from lower to higher.

From the age of 18 the young adult should volunteer to work one year in social work for the society and get the licenses to be an adult. This year of social work is paid by the government. Get the drivers license, learn to dance, get an union and political party membership and so on. Every adult shall be free to vote in democratic elections.

Woman and man should adapt a healthy lifestyle. Mankind was created to live a happy and long life. Consider to adapt a lifestyle without drugs, smoking, less alcohol and healthy food. Consider to contribute to a healthy planet. If possible grow your own food and make your own diner. Eat diner with your children. If possible drive electric and generate enough electrical energy from your own home.

Religions shall teach adults about the spiritual realm and the after life. The main purpose of religions is to teach people to pray and to worship I Am who I Am. Religious people, adult woman and man, are free to get a partner and children in their life. Religious people can guide people through their life. I Am who I Am is with a person every day.

I Am who I Am strongly opposes the selfish people who abuse, who bully, who create fear, who want to gain more power, who want to make war. They shall be the lesser of less in the after life. The governments of the world shall diminish the fear from this selfish people.

If one gets a disease, modern society has a lot of possibilities to cure the disease or make the disease bearable. Unfortunately this is not possible for all diseases. Consider a society in which the children start living with other people when the parents die. Mankind shall not create diseases themselves.

The old age comes with time. Houses should be adapted in which older people can live together with younger people. Loneliness is not meant to be. Governments should give citizens the possibility to stop working in equality. Working should be done for 45 years. The working class thus gets a pension from the age of 60. The higher educated people who start working from 25 years old from the age of 70. The governments shall establish enough old age pension in which all the working people contribute to pay this pension.

At a certain time in life the older man or woman has enough of life. Some medicine can make life easier for the older people. But sometimes the burden of life has grown to much. The older woman or man decides themselves when to end his or hers life. This must be in a written letter of consent. In this end of life letter considerations can be made to end the life when disease blurs the mind. Governments should establish honest procedures in order to request the end the life.

The Afterlife

I Am who I Am Created mankind as a physical and a spiritual being. Mankind has lost the connection to I Am who I Am and does not hear the Voice. Only a few hear the Voice, the Voice to do good and to build spiritual adult.

Scientist have reduced the love hope mind and emotion to physical influences. Being honest and doing good adds spiritual nourishment to the spiritual body. Selfishness declines the spiritual body and creates loneliness. With death a human being can emerge into the Light.

With honesty and doing good a human collects positive elements of spiritual energy. Do not judge the other because mankind does not know what is good or what is evil anymore. For thousands of years I Am Who I Am has given commands to enlarge the spiritual energy. Be honest, do not kill the human being and do not steal ones life or goods. If you are not honest, kill or steal there will be Darkness for your spiritual body.

The afterlife is the spiritual life of a human after the death of the physical body. If a person has done good and was honest to others and the self, one reaches enlightenment. With enlightenment a death person will enter the Light with its spiritual body. A selfish man or woman does not enter the Light. Every human being will die and be judged on the time of death. The spiritual body enters the Light or the Darkness.

The spiritual body of a selfish man or woman must help the spiritual life of living humans in order to reach the Light. Those who enter the Darkness will be judged to help the living forever until enough energy has been collected to enter the Light. There are no sexual aspects in the spiritual world.

Religious leaders must teach the people what is truth and what are lies about the spiritual life and the after life. No time has left to do it otherwise. Tell the reality about the afterlife. There is no resurrection of physical bodies. There is no Judgment Day for all mankind at once, you're spiritual body will be judged when you die.

Make Peace not War

Some heads of state strive to war. This a time of change. The change is that I Am Who I Am wants a peaceful world. Make Peace not War. Another change will be the patriarchal society will change to a matriarchal. I Am Who I Am is fed up with the war lords. The threat of war is the way down to Hell. Nature will turn against the selfish heads of states. There shall be no statue for heads of state. The meek will inherit the Earth.

The time of change does not apply to the borders of States. The borders have been set and shall not change. The sovereignty of every State today shall be recognized. States can be part of a continental economical union. Every State shall have a Constitution and a Constitutional Court. The Constitution shall be honest and directed towards the well being of the civilians. The powers within a State shall be independent and separated. The heads of state shall communicate honestly and work for their people or not be.

Head of states shall bring Peace. If head of states do not bring Peace they shall resign. Peace is not brought by the separation striving of action groups. All civilians are equal. Head of states shall listen to the majority of the civilians. Heads of states shall take care for food, water, shelter, health and work. This brings Peace.

Today almost all organizations are patriarchal. This has been so for thousand of years. This is a mistake. Adult man and woman are equal. Children shall be protected. This patriarchal society has not brought the Heaven what the world can be. This is a world of abuse, dishonesty and murder, mostly done by man. Man who do not uphold the Commands I Am Who I Am have given. Judgment has been given. Abusing mankind shall be distracted from this world.

In this 21th century the transfer from patriarchal to matriarchal shall be established. The matriarchal society shall reign for 1000 years. World peace shall be the main directive.

Know Your Borders

Today mankind does not know his or hers borders. The borders how to be happy and how to make other people happy. Its necessary to understand the purpose of mankind. Be happy or be not. This is the Kingdom of Heaven which have been declared for thousand of years.

In the Kingdom of Heaven there is no War room, no room for bullies, no room for heads of state who think they are gods. Consider the list of borders you shall keep in order to establish a world free of fear. In order to make a Kingdom of Heaven.

Mankind has lost the We thinking. Every person aims for the Self. The list below gives an idea of the borders you shall keep. The list is to save the world and mankind.

- Marriage is the honest way for partnership.
- Is you make a woman pregnant, you shall marry her.
- Children shall be protected and educated for free.
- Children who bully shall be civilized.
- Children (up until the age of 18 years) shall not bear weapons.
- Only physically able adult man and woman can bear weapons.
- Adults who abuse children shall be removed from this planet.
- No adult shall raise the hand to another.
- Do not complain about the circumstances.
- What goes into the mouth makes man sick. Be pure.
- You shall live now, do not judge the past, and do not fear the future.
- You shall not be enslaved by an addiction.
- You shall not be enslaved by another man or woman.
- You shall not enslave another human being.
- Do not steal the possessions of another human being.
- Be self supported. Eat your own food. Create your own energy.

Judgment Day

This is the year of the judgment of I Am Who I Am. Every individual will be granted a choice. Be honest or be not. The choice to be honest is for adults and for children. Adults shall teach children honesty. Everyone is equal in the choice to be granted. From the most evil person to the most holy. In this Year everyone will be judged by I Am Who I Am by the choice she or he makes. If you do not choose honesty, you choose evil. I Am Who I Am is fed up with evil and will do what no one has seen before. The day you choose to be honest or not, is your judgment Day.

What is honesty? Honesty, honor, integrity, probity mean uprightness of character or action. honesty implies a refusal to kill, lie, steal, or deceive in any way. honor suggests an active or anxious regard for the standards of one's profession, calling, or position. Honesty is a component of moral character that connotes positive and virtuous attributes, such as integrity, truthfulness, and openness — including clarity of conduct, along with the absence of lying, cheating, theft, etc. Honesty also involves being reliable, trustworthy, loyal, fair, and sincere.

One you have chosen honesty or evil this will be written. If you choose evil you can repent. You must restore your evil deeds. If you have lied or deceive to one you shall confess to one. If you have lied or deceived to the public you shall confess to the public. If you steal you must repay twice the amount. If you have killed a person, you shall pay the family a triple amount they want and you shall spent your life in prison.

President Putin has been given the choice. Make War or Peace. We send a form to the Presidents Putin English site . Although the surname is in Russian language he received our plea to be honest and make Peace not War. It is clear President Putin has chosen not being honest. He lies to the Russian people, soldiers and the international community. He has become a mass murderer.

Today too many heads of state murder and enslave their and other people. The world must stop these mass murderers and thief's. This can be done by the UN with a new UN charter. In this new UN charter the UN security council shall consist from elected democratic peaceful countries.

If a country is enslaved by a not democratically chosen head of state the UN must free the people with an UN force.

I Am Who I Am stops evil man and woman. They shall be hunted for the rest of their lives. War criminals tend to be mass murderers. Their collaborators shall be assigned war criminals to. And be convicted by a tribunal of the UN.

When a man kills several people he will do prison for the rest of his life. Mass murderers which are heads of state many times are not convicted.

I Am Who I Am strongly advises the UN to introduce the Death Penalty again for mass murderers and war criminals. The evil some people do to other people has grown to big. In order to bring Peace people who kill shall be killed. Mass murderers they shall be erased from this earth. They shall be burned alive and their remains shall be scattered in space.

Evil.

The warlords create evil

I Am Who I Am

He Who Is, is very angry with the religious, the political, the cultural and the economical leaders of the world. The leaders of the world are not honest. They think they are gods and destroy the earth. Killing civilians, stealing their life and goods. Every human being is born free, in life they remain free. Every human being is equal to the other. One receives eternal life by the good deeds they are doing, not by gold, statues or buildings. The meek will inherit the earth.

The Commands for a human being are given for thousands of years. These are the commands every human being should uphold. Be honest to Me, to your parents, to your spouse, your children, your neighbors, the nature and the world. Do not kill yourself or the other human being. Do not steal the life or the goods of the other human being.

Plagues are in the world. Until now, the plagues are limited to natural phenomena. Scientists can understand the natural plagues. It is true some people are contribute in starting a plague for their own. But the plagues will extend to a level scientist will not understand. The world leaders will be confronted with personal plagues until they uphold the commands I have given. And all human beings respect the other in their equality and freedom. Be honest to the people.

The leaders of the states shall no longer execute or steal the life and belongings of other human beings. If a human being kills one or several human beings he or she shall suffer in prison for the rest of his life and he or she shall be punished every day until death. If a human being steals the free and equal life of one or other human beings he or she shall suffer in prison one year for every life he or she has taken. If a human being steals goods from the other human beings the laws of a state will tell how long the person will be imprisoned.

Human life is precious. He Who Is will tolerate every religious, economical, political or cultural system from now on only if it does not kill, not steal and is honest to the free and equal mankind. Leaders of the world should do their best of best to help the people. Self-defense is the right of humans to keep a free and equal life. Another human being can defend other weaker people in order to remain the free and equal life.

There should be build no statues or buildings to honor the state leaders. Every statue or building which remembers the slavery must be broken down in thousands of pieces. Humans shall not build statues for death people.

The world should transfer to a free and equal society within states. The state leaders shall be chosen by all adults no one excluded in secret and democratic elections. The state leaders shall reign only for 10 years.

Everyone should respect the other. Each person determines his own needs and needs. If a person does not respect the other he or she takes a part of the life of the other.

With the growing population the climate changes. People should stop killing the forest, the lungs of the world. People need the oxygen of trees and plants. The climate changes are a natural phenomena to warming the atmosphere. In the near future there will be no fossil oil. Every house and car should support the energy itself. The state governments should supply the energy grid for the future.

The Great Reset

On 2022-2-22 The Russian Federation invaded Ukraine. War is hell. Behold My Fury. Putin acted as a warlord, he like to make war in order to satisfy his personal needs. The Russian people will be isolated and will experience hell from this selfish behavior of the head of state. The UN Charter does not satisfy this breaking the world peace. Russia must be expelled from the UN Security Council and the UN. A great reset of international law is necessary. Behold My Fury.

Putin must stop the invasion of Ukraine immediately. The Angels of Fear will enter the minds of the Russian invaders. The Angels of Fury will help the defenders. Any Russian soldier shall return to Russia without the war equipment. Putin shall repent in public for the Day of I Am Who I Am has come. All damage in Ukrainian shall be restored and payed by Russia. All families of died people shall be payed by Russia.

President Putin of Russia launched the invasion of the sovereign state of Ukraine for no reason. He lied to his people and to the international community about his intentions. Civilians and military personnel were killed in the invasion. The European Union continues to talk. The United States does nothing. The UN Security Council can't do anything because Russia vetoed it. Russia is isolating itself, but Putin doesn't care. Putin's words are dishonest and untrustworthy.

Putin's actions are totally against the general principles of the UN. Russia and Belarus should therefore be excluded from the UN and UN Security Council for war crimes. The European Union must immediately exclude Russian banks totally from the SWIFT system. The world must be given opportunities through the UN to try everyone from Russia through the International Criminal Court.

From the UN Charter, the Peace phrase:

To exercise tolerance and to live together in peace with each other as good neighbors, and to unite our forces to maintain international peace and security, and to ensure, through the acceptance of principles and the establishment of methods, that force of arms shall not be used except to use an international apparatus for the promotion of the economic and social progress of all peoples in the public interest.

Putin, the military and those who collaborate with him shall be personally indicted for war crimes. His invasion of Ukraine and the civilian and military deaths are war crimes. The invasion of Ukraine is a deadly crime against the peace of the civilized world. We must move towards total isolation of Russia and Belarus. Not just from sports, but from all political, economical and cultural connections. If religious leaders and priest collaborate with these warlords Fear will be upon them.

From the UN Charter, the war crime phrase:

A war crime is a violation of the laws of war that gives rise to individual criminal responsibility for actions of the combatants, such as the intentional killing of civilians or the deliberate killing of prisoners of war, torture, hostage-taking, unnecessary destruction of civilian property, cheating by perfidious, sexual assault in time of war, looting, enlisting children in the military, committing genocide or ethnic cleansing, not being granted a quarter of an hour despite surrender, and ignoring the legal distinction between proportionality and military necessity

On the basis of the UN Charter Chapter II, Article 6, a country can be excluded from the UN on the intercession of the Security Council. But Russia votes against it. In fact, the Russian Federation is no longer a member of the Security Council. This is because the UN Charter today mentioned the Union of Soviet Socialist Republics is a permanent member, not the Russian Federation.

The UN Charter needs to be rewritten. The permanent UN Security Council members should be only for those countries who respect the UN Charter principles. For countries in which a warlord is head of state a complete isolation shall be executed.

There will be an Era of Separation. In this era the heads of state and the systems of the warlord countries will be replaced. These are the reasons.

- Too many warlords
- Too many lies
- Too many stealing
- Too much slavery
- Too much concentration camps
- Too much indoctrination
- Too many deaths
- Too many corrupt elections

Kick Out Putin

The WWII history repeats itself and the foolish mankind let it happen. There are too many warlords in the world which think they are gods. The warlords start demolishing countries. Repent for the Day of I Am Who I Am is at hand.

Every human being will be honest or will be evil. The Spiritual World is mobilized. For the Day of Judgment has come. The UN Charter must be rewritten for only peaceful countries can participate. From the UN Charter the NATO will be sanctioned to remove all warlords in the world from their selfish throne.

Before the WWII the Spanish flu killed 25-50 million people. The WWII started in Europe with an evil crazy Hitler. The WWII in Europe killed 15 million to 20 million people. The WWII in Asia with the attack on the Americans by the Japanese. The WWII killed a total of 70-85 million people. From the WWII the NATO and the UN charter evolved.

With 6-18 million deaths the Chinese Wuhan corona virus has been a plague for the past 2 years. The Wuhan corona virus was made in the Chinese laboratory. Thanks to the neglected reports of Wuhan doctors by the Chinese government the corona virus could spread all over the world.

And kill at least 5-15 million elder people in the world. Will the Chinese Xi attack the Americans first and then Taiwan? The Chinese trained in the desert to drown an aircraft carrier. Have the Chinese forgotten the Japanese warlords of the WWII who put them into slavery?

The Wuhan corona plague will be nothing compared to the Putin plague. Is Mr Putin insane, has he a brain tumor? Mr Putin is the new Hitler, he introduced Russia to be a Nazi country, with a mouth less people due to his lies, the Z symbol replaces the swastika, he performed in the media to tell his lies, he kills and steals the homes and working places of civilized people.

Shame on Putin and Russia. The Russian civilians will pay the price. At the end Mr Putin will kill himself like Hitler did.

While the brave Ukraine fight for their life and their freedom, the world has a big mouth and does too less. The Putin plague will cost a multiple of 18 million deaths. What is the life of one man worth more than millions of lives or millions in slavery? I Am Who I Am want the world to consider this. Erase the dictators and their offspring from this earth and scatter their remains in space can be a solution. The alternative is to see country after country been taken by these lunatics? At the cost of billions of life.

The dictators of this world are like a cancer. Never enough, no boundaries, and non believers. I Am Who I Am has enough of the chaos they bring. The cancer must be healed. All dictators and their offspring shall be erased from this earth. Do it together now or suffer for years to come.

The first thing to do is to honestly inform the people about what happens. All fake news must be stopped, the soft way or the hard way. The lies shall be replaced with the truth. If the parliament and the people stick together benefiting these crazy dictators, the people shall feel the Fury of Honesty.

If Russians are honest civilians and deliver Putin, his generals and his soldiers to the international Court for war criminals they will be granted relieve. If not the Russians shall perish. The forces of Nature and the Spiritual World will hunt them to the borders of the Earth. The climate problem is not a problem. The Earth will deal with this. The problem for humanity are the warlords.

The first priority for Europe, Asia and the world is the produce enough weapons to withstand the attack of evil. The economical actions are not enough. The selfish Russia and China will create their own economical environments. The NATO must elevate its alertness to DEFCON-1 and have enough resources to withstand all (also nuclear) attacks of Russia. All statues and pictures of evil man who brought dishonesty and slavery must be broken down.

One death citizen killed by the Russians is one death citizen too many. The genocide, rape and stealing of the Russian war criminals must stop. The Russians will have one week to leave the whole of Ukraine, including the Crimea. If not, the NATO must restore the civilization in Ukraine by kicking the Russians out.

Show Me one honest Russian in a town or city. He or she and their children must leave the city or town. Wearing the colors of Ukraine.

The verdict has been fallen. I Am Who I Am shall take one Russian for every Ukraine man, child or woman who the Russian murdered in this idiot invasion. Any war criminals shall be killed. I Am Who I Am shall destroy a Russian house for e every building they have destroyed in Ukraine. I Am Who I Am shall destroy one road for every road the Russians have demolished.

After the rampage the Russians who are left must rebuild Ukraine. Streets and surroundings must be rebuild. For every death Ukraine the Russians pay one million Euros to those who are left behind.

Separate From Evil

Russia is like an evil cancer for the world. Separate from this evil cancer immediately and totally. All religious, political, economical, cultural and sports from Russia should be expelled from the world. Consider to banish all Russians from the world to Russia. They cannot be trusted and are spies for this evil Russian cancer. When the Russians are thrown back behind the border of Ukraine, the Wrath of I Am Who I Am will strike the Russians.

Russia, Belarus and Ukraine are brothers and sisters. Rus means “the man who rowed”. Vikings rowed from Sweden to the now-Russian territories and down the rivers all the way to Ukraine. Russians have the same origin as Ukraine people and speak the same language. This time Russia as Cain struck Ukraine Abel but now Abel fights back and will win. The evil head of state Putin will not survive.

I Am Who I Am will not accept any blessing or prayer from the Russian Orthodox Christian members, for they honor the evil head of state Putin. In order to restore the fundamental trust between I Am Who I Am and Russian Orthodox Christians Putin shall not be granted access to Russian Orthodox Christians churches. If not the priests Russian Orthodox Christians churches of the will be hunted by demons.

Europe and the World shall separate for 10 years from Russia on all levels of society. All ties must be broken. Europe shall not buy gas, oil and coal from Russia. Europe must support themselves. All Russians shall be expelled. All European nations shall be part of the NATO in order to defend themselves to the evil Russian cancer.

The UN charter clearly tells the former Soviet-Union is a member of the UN Security Council, not the Russian Federation. The Russian Federation denies all of the UN Charter principles. For these two reasons Russia should be banned from the UN Security Council. Only those countries can be a member of the UN if they fully embrace the peaceful principles of the UN Charter .

Religions Must Make Peace

After many years of Peace the warlords have given themselves to the purpose of evil. The warlords like Putin and Xi will bring chaos and slavery to the world. All other political, economical and religious heads of state, heads of companies and heads of religions must work together to stand firm, isolate the warlords and bring them to justice.

Those who bring chaos to the world must be accounted for. In order to do so, all religions of the world must make Peace.

In some smaller and greater countries people from religions kill people of other religions. Stop this. A religion is not about the property of land, it is about honesty and knowing I Am Who I Am.

I Am Who I Am needs every believer to fight evil. Evil is not in the other religion. Evil is in the warlords who think they are gods. I Am Who I Am urges all Religion to make Peace. Muslim and Christian must make Peace. Muslim and Jew must make Peace. Muslim and Hindu must make Peace. Catholic, Protestant and Orthodox must unite.

Today I Am Who I Am has given messages. A Messenger has published these messages. Please see and hear the Words for today and the future. Spread the Words in all languages. The Judgment Day has come. Every human being will be given a choice. This is your life. Be honest or be not. Be honest in word, deeds and thoughts.

All Highest and Middle Angel Legions are activated. The Spiritual World is activated and in the highest phase of alert. The Fury of I Am Who I Am has come. If mankind does not take care of the evil cancer all mankind will be destroyed. For it has ashamed its purpose of the Creation.

Creating Life.

Today the world faces many fake rules about the creating of life. Who knows the purpose of the Creation? I Am Who I Am explains the creation of life purpose for the fourth dimension. I Am Who I Am gives specific rules for pregnancy, abortion and how it interacts with the soul.

I Am Who I Am emerges from the fourth dimension to our dimension. Our dimension is known as the third dimension. I Am Who I Am communicates to our third dimension in our mind. The fourth dimension is without time, space and objects. Our third dimension is limited to time, space and objects. The objects in our dimension are given a soul. The purpose of creation is the growth of the soul. At completion the soul enters the fourth dimension through the light. From the tiniest objects which we cannot see to the enormous objects of the universes the structural foundation is the same.

The creation of life uses the same methods for all objects in the third dimension. The creation of life has the stages formation, growth, completion and perfection. Life is not only biological it is also chemical and physical. The creation of biological life starts with the formation, one fertilized cell with all aspects of the living object. This one fertilized cell is formed from two biological species. From small changes a new species may evolve.

A fertilized cell has the all aspects of and the ability to grow to a new living being. When the new living being enters the third dimension he or she will be given a soul. From birth the soul is empty. The soul grows through life and when the living being dies, the soul meets I Am in the light.

The growth of biological life is possible only within the right environment and with nourishment to grow in. Consider the making of baby. For the first 12 hours after conception, the fertilized egg remains a single cell. if a woman does not want to become pregnant, within 12 hours a pill may decline the chance to become pregnant.

After 30 hours or so, a fertilized egg divides from one cell into two. Some 15 hours later, the two cells divide to become four. And at the end of 3 days, the fertilized egg cell has become a berry-like structure made up of 16 cells. In the uterus, the cells continue to divide, becoming a hollow ball of cells which implants in the wall of the uterus about 6 days after fertilization.

The uterus develops into the placenta. Most organs begin to form about 3 weeks after fertilization, which equals 5 weeks of pregnancy. At the end of the 8th week after fertilization (10 weeks of pregnancy), the embryo is considered a fetus. During this stage, the structures that have already formed grow and develop.

By about 14 weeks: The sex can be identified. However, the fetus is not ready to live. The mother can decide to abort the pregnancy with pills. I Am Who I Am mentions that the mother decides if she has a baby or not until a baby has a chance to live and will be given a soul. By about 24 weeks, the fetus has a chance of survival outside the uterus. The fetus has a chance to live. The lungs continue to mature until near the time of delivery. The brain accumulates new cells throughout pregnancy and the first year of life after birth.

A soul will be given at birth. After entering the third dimension a child is able to communicate with I Am Who I Am. If a fetus is not able to live it is not given a soul. About 24 weeks of pregnancy a fetus has a chance to live.

Before the 24 weeks of pregnancy the woman can decide to keep the fetus or not. If a woman decides she cannot give this child a home, or if the child is given by force, the woman can get an abortion. This does not damage her soul.

Teach Children Honesty.

I Am who I Am wants to create the Honest world. In order to do so mankind must teach children honesty. Honesty is a component of moral character that gives positive energy and virtuous attributes. What is honesty? Many children think honesty means you “don’t tell a lie”- and speaking the truth is a big part of being honest.

But honesty means more than “not lying.” Honesty means your actions are truthful too. If you have to hide what you are doing because you are trying to trick someone, you probably aren’t being honest. In simple words, honesty is about both speaking and acting truthfully.

Honesty for children begins with honesty from parents and adults. Parents shall be honest towards each other. Then they can be honest towards their children. Children needs good food, drinks, shelter and education. Every child is equal to the other. Girls are equal to boys. If possible grow your own food. Give children good food, not junk food. Give children good drinks, not junk drinks. Give children good shelter, no shelter on the streets. Governments shall provide honest shelter.

Give children good and safe education. Schools and school areas shall be secure, safe and closed when children are in. Governments shall provide honest schools. Children shall not enslave themselves to drugs, alcohol, smoking and public media. Children shall not be enslaved by media. Children shall not be part of advertisements.

Mankind shall celebrate when a child reaches the age of 18, the age to be an adult. No marriage shall take place or be promised before the child becomes an adult. The young adult of 18 shall honor its parents and country with one year of public service. The young adult shall choose the partner themselves. No one shall interfere with the choice of the partner. I Am sees marriage as the celebration in which adults promise to be honest to each other and to support each other. If married adults are not honest to each other they can separate. Otherwise the marriage is for life.

Children learn honesty from free will and with an open mind. In order to communicate with the fourth dimension, children shall learn about I Am. Religions shall teach mankind the presence of the fourth dimension and the presence of I Am.

Religions are like the parents. If religions fight with each other they cannot learn mankind about peace and the Honest World. Religions shall not give adults any command except those who are given by I Am. Thou shall not kill, not lie, not steal and not enslave the other human being.

Parents shall treat the children with care. Never shake infants. Parents and adults shall not abuse children. Do not spank children when they do wrong. Never lay your hands upon children. Not even when they break some thing. Things are less important than the honesty towards your children. Children learn honesty and adults may correct children with their heart in the right way.

Every child is equal to the other. In school no spanking shall take place. Many studies have shown that physical punishment — including spanking, hitting and other means of causing pain — can lead to increased aggression, antisocial behavior, physical injury and mental health problems for children. Around the world, 30 countries have banned physical punishment of children in all settings, including the home. The legal bans typically have been used as public education tools, rather than attempts to criminalize behavior by parents who spank their children. All countries in the world shall ban spanking of children.

Honesty is speaking the truth. Saying things that aren't true, or that you think might not be true, or that you are making up to hide the truth are all types of lies. Lying is not honest (also called being dishonest) because you are saying something that isn't true. Examples of what speaking the honest truth means:

Honesty means you don't say things about people that aren't true. You are not being honest if you make up rumors about someone or if you share rumors someone else made up.

Being honest means you admit to your actions, even if you'll get in trouble. You are not being honest if you deny you did something wrong when you really did it.

Honesty means you explain how a situation really happened. You are not being honest if you say something happened one way when it really happened another way.

When you do something you know is morally wrong, or when you have to hide your actions because you know they are wrong, you are not being honest. Being honest means you act in a way that you know is the right thing to do. (More about good character, morals and how to know “right” from “wrong”.)

This part of the definition of honesty includes not hiding the truth (deceiving), not breaking rules to gain an advantage (cheating), and not taking something that isn't yours (stealing) and any other action that you would hide because it is against what you consider morally right.

Part of honesty is what you say and how you act toward others. But another part of the definition of honesty is whether you treat yourself the same way. Being honest with yourself means you really know why you are acting in a certain way or whether what you tell yourself is true. This part of the definition of honesty includes when you are trying to convince yourself you didn't really do something wrong, or it wasn't that bad, even though you know it was.

Be Responsible Adults.

I Am Who I Am wants to create a Honest World. This is a world in peace, without murder, theft, lies and slavery. Responsible adults have build a democratic country in which the Rule of Law is applied.

The election process in a democratic country is honest, secret and secure. With election there may be no tricks. Responsible adults may be part of a religion. Religions in the Honest World teach mankind about the fourth dimension and I Am.

The economics in the Honest World is honest, everyone gets a fair deal of profit. The Honest World applies a social system in which no one lives on the street, and everyone has a shelter, healthy food and healthy drinks.

Today there are too many warlords. They think they are gods, but they are not. All suffering of mankind come from the warlord killings, their theft, their lies and their slavery. I Am Who I Am gives the warlords a choice in this era. Be good or be evil. I Am Who I Am does not respect the evil adults.

In a country ruled by a warlord the commands of I Am Who I Am are not strict. If you are in slavery release yourself and others. If you have no food, steal the food. If bullies want to kill you, kill them. A warlord does not deserve the status of President, Emperor, King or Big Leader. Call a head of state who kills, lies and enslaves a warlord. Believe nothing a warlord says. In this you are a responsible adult.

Usually a warlord is a man. I Am Who I Am has enough of these selfish people. In 2000 years warlords kill many people, steal their property and their lives. I Am Who I Am declares in this era the patriarchal countries will change to matriarchal. The matriarchal society will be peaceful. A honest human can make mistakes towards another honest human. I Am Who I Am will have mercy on them if they confess the mistake. It is honest to say I'm sorry. The foundation for the matriarchal world will be honesty, peace, merciful without stress.

Empty your mind with evil thoughts. Today too many people have their mind, heart and soul filled with fear. When your mind is full with fear you cannot communicate with I Am Who I Am. Warlords who subdue the people with fear shall be killed. When religious people collaborate with warlords, they are lower than the lowest soul. When people deny the good of the fourth dimension they now will experience evil in their immediate surroundings. Evil people shall be filled with fear, trust no one and eventually kill themselves.

Honest people trust other honest people. If honest people are betrayed they let it go. Every honest human is necessary for developing the Honest World.

It is a good structure to have one day in the week to not work and to spend the day to your family and I Am Who I Am.

Respect your body, mind, heart and soul. Do not enslave yourself to medicine, drugs, alcohol, fake food or drinks or enslaving thoughts. If you have enslaved yourself and want to change your life do so. Your soul will benefit from the change.

When your enslavement had impact on your body, change the way you live. Get mindfulness, good healthy food and change your way of life. Your body will benefit from the change.

Accept Old Age.

I Am creates the Honest World. Mankind is created in the third dimension, limited by time and space. An object in the third dimension lives through the stages of creation, growth, completion and perfection.

With the life of a human it means you are born as an infant, you grow to completion within the family and you reach perfection when you become an adult. The adult starts a family. The family goes through the stages creation, growth, completion and perfection.

The creation of the family starts with marriage. The growth of a family when you get and raise kids. The family reaches completion when the kids start a family of their own. Grandparents experience perfection with their grandchildren. Adults shall celebrate the 25, 40, 50, 60, 70, 80 years married with their family and friends.

A human does not live forever, accept that. With old age you cannot do what you could do when you are in your twenties. I Am Who I Am wants adults who have worked for the world 45 years to retire.

So if a street worker starts at 19 years old, they shall retire at 64 years old. If an educated man or woman start the work for society from 27 years old, they shall retire from 72 years old. The governments shall establish a system in which the adults give a percentage of their income to the old age adults. The state pension shall be enough for the household of the old age pensioners.

When a woman reaches the non productive age, she changes. Governments shall provide counseling for woman who have trouble with changing from productive to non-productive.

When the time has come the old body start to disintegrate. Each human determines his destiny. You can write down your fate in a letter if your body fails or if your life is complete. Governments should create a process in which the life of a human on old age can be ended. A child shall be careful with hers or his body.

If the body of a child is disintegrated by accident or illness, the parents or caring adults can step into the process to end the life. If the body of an adult is disintegrated by accident or illness, he or she can step into the process to end the life. This process does not damage the soul.

Loneliness is a bad aspect of life. People shall not be alone. Sometimes people cannot take care for themselves. People of old age shall be at home in an old age institution. Governments shall arrange the old age homes and daily structure within it.

When old people get physically or mentally ill, governments shall have provided the adult or old age recovery homes. The recovery homes can nurse also people who are living on the streets and which are addicted to drugs or alcohol. The old age institutions shall be clean, honest and give a daily structure.

At the end of life the soul will enter the fourth dimension through the light. Entering the light will happen only if the soul has reached maturity. The maturity of the soul is not dependent of the age.

The soul of a child may have reached maturity also, if a child dies young. If a child or adult takes their own life the soul is empty, the soul does not enter the fourth dimension through the light. The body dies and will return to the dust. There will never be the resurrection of the body.
